for reservations**

# John, Do you need a Social Security COMPASS?

One of the most confusing but important elements of retirement income planning is understanding how Social Security benefits work. With many possible filing combinations for a married couple, identifying which option could provide a favorable combination of current and future income for you and your spouse can be an arduous task.

*Join us as we discuss:*

- **Couples strategies** that may help maximize your Social Security benefits
- How to more quickly sort through most **filing combinations**
- Methods that may help **increase your annual benefits** and provide more in lifetime income
- How **proper coordination** of spousal benefits may help you and your spouse obtain a more favorable Social Security income
- **Determining when** may be the best time for you to apply for Social Security

*Plus, all attendees can schedule a complimentary, one-on-one Social Security analysis to review their individual situation.*

**Don't claim your benefits without attending this event.**  
**Seating is limited.**

# 1-800-000-0000

**Tuesday**      **Thursday,**  
**Month 12th**      **Month 14th**  
**6:00 pm**      **6:00 pm**
